Pre-tax earnings	\$25.4 million***	\$32.5 million
Pre-tax margin	25.7%	29.4%

^{***} The 1st quarter 2007 Specialty Insurance results include a \$12.2 million benefit from an adjustment related to the deferral and amortization of certain costs over the life of a policy, consistent with the

recognition of the premiums. The adjustment represents costs that should have been deferred as of March 31, 2007 on policies issued over the prior twelve months. Excluding this adjustment, diluted net earnings per share were \$0.34 for the first quarter of 2007.

"The first quarter of 2007 was a period where we were primarily focused on managing our existing businesses as efficiently and profitably as possible," said Chairman and Chief Executive Officer William P. Foley, II. "The first quarter is normally the most difficult in the title business. Even with this seasonal lull, we were able to generate a 9.2% pre-tax margin in the title business by remaining focused on employee counts and efficiency metrics. This was nearly equal to the title pre-tax margin in the first quarter of 2006, despite a 10.5% decline in title segment revenue from the prior year. Additionally, all three specialty insurance businesses had successful quarters on a number of fronts. Flood insurance continues to provide a steady, recurring stream of revenue and earnings. Personal lines revenue grew by 12% with a 68% loss ratio, down from 85% in the fourth quarter of 2006, while home warranty continued to generate its consistent pre-tax margin of approximately 20%. Finally, Sedgwick, our 40% owned subsidiary, continues to grow profitably, generating \$160 million in revenue and a 15% EBITDA margin during the first quarter."

Fidelity National Financial, Inc. (NYSE:FNF), is a leading provider of title insurance, specialty insurance and claims management services. FNF is one of the nation's largest title insurance companies through its title insurance underwriters — Fidelity National Title, Chicago Title, Ticor Title, Security Union Title and Alamo Title — that issue approximately 29 percent of all title insurance policies in the United States. FNF also provides flood insurance, personal lines insurance and home warranty insurance through its specialty insurance business. FNF also is a leading provider of outsourced claims management services to large corporate and public sector entities through its minority-owned subsidiary, Sedgwick CMS. S. economy; our potential inability to find suitable acquisition candidates, acquisitions in lines of business that will not necessarily be limited to our traditional areas of focus, or difficulties in integrating acquisitions; our dependence on operating subsidiaries as a source of cash flow; significant competition that our operating subsidiaries face; compliance with extensive government regulation of our operating subsidiaries; and other risks detailed in the "Statement Regarding Forward-Looking Information," "Risk Factors" and other sections of the Company's Form 10-K and other filings with the Securities and Exchange Commission.
