"This quarter presented challenging operating environments for several of our businesses," said Chairman of the Board William P. Foley, II. "Obviously, the mortgage and real estate markets have impacted volumes in our title insurance business and we have responded with significant staffing reductions, eliminating more than 1,700 positions, or 14% of our field staff, during the third quarter. While personnel costs in the title business have been reduced by more than \$36 million versus the prior year quarter, many of those positions were eliminated very late in the third quarter, so we won't see the full impact of those additional cost savings until the fourth quarter and into 2008. We also found it necessary to bolster our reserve for claim losses, as the higher claims activity the entire title industry has experienced continued in the third quarter. Our specialty insurance segment also had some operating challenges during the quarter. The personal lines business suffered through higher losses in the third quarter due to increased fire losses in California, particularly in July and August, while the home warranty business suffered from the significant slowdown in the real estate markets, particularly in the west. In summary, the third quarter was a difficult period as several of our companies, particularly the title business, faced tough market conditions. Despite the very difficult environment, our title business was able to generate a 7.1% pre-tax margin before the reserve charge. We manage all of our businesses with a goal to maximize profitability for our shareholders in all environments and will continue to do so in the fourth quarter and into 2008."

Fidelity National Financial, Inc. (NYSE:FNF), is a leading provider of title insurance, specialty insurance and claims management services. FNF is one of the nation's largest title insurance companies through its title insurance underwriters — Fidelity National Title, Chicago Title, Ticor Title, Security Union Title and Alamo Title — that issue approximately 28 percent of

all title insurance policies in the United States. FNF also provides flood insurance, personal lines insurance and home warranty insurance through its specialty insurance business. FNF also is a leading provider of outsourced claims management services to large corporate and public sector entities through its minority-owned subsidiary, Sedgwick CMS.
